LAW DEPARTMENT, BANGALORE

SIR,

I have the honour to state that, upon the request of the military authorities to train butchers for the Army, candidates are being trained in the Municipal Slaughter House A sum of Rs 7/- per candidate per month is received from the Military authorities, as training fees Now the whole of this amount is being credited to Municipal Funds

The Health Officer reported that adequate training could be given only if these candidates are made to experiment upon the animals belonging to private individuals and it was difficult to do so, in as much as the private individuals do not allow their animals being touched by these trainees for fear of their property being mishandled It was further reported by the Health Officer that this training involved more labour on the part of the Veterinary Inspector and the concerned clerk who had to attend to this work in addition to their legitimate duties Therefore, he is of opinion that both these officials and the private parties should be paid some remuneration for imparting better training to the candidates Accordingly he proposed that, out of the training fees realised, 50% might be credited to the Municipal funds, 25% be paid to the owners of the animals experimented upon and 25% be paid to staff viz ; 15% to the Veterinary Inspector and 10% to the Clerk concerned This proposal of the Health Officer was approved by the Municipal Council at their meeting held on 15-4-1943

I therefore request that sanction of Government may kindly be obtained to the apportionment of the training fees, as reported

as reported above. A copy of the resolution of the Municipal Council in this behalf is also enclosed herein.
